

# Breakdown

[Alice Russell](#)

Gotta get my mind clear  
Got nothing to lose  
Gotta get my pink stray  
Jazz away them blues Still got my fake  
But it's gettin loud  
Now all these voices  
Keep spinning round Still above my skate  
But a place in mind  
He's closing me in  
Such words that grind I'm familiar Jenny  
Missed them signs  
I bare my positions  
Flip over time  
I'm trying not to break down  
I'm holding on too tight now  
Let go  
Let go  
I'm holding on too tight now  
B R E A K D O W N  
B R E A K D O W N I'll breakdown  
All eyes on me  
I see you right  
Right inside of me Tell my back I'll be back too  
'Cause there's not much to lose  
I'll keep my past  
Still my blood beats blue  
I'm trying not to break down  
I'm holding on too tight now  
Let go  
Let go  
I'm holding on too tight now  
B R E A K D O W N  
B R E A K D O W N sdasdasdasdsadas
