

# Flame on My Head

## Blaudzun

I wanna go down to the sea again  
I wanna go down  
I don't know when  
I wanna go even if I am snowed out.  
I wanna go  
I wanna go seek your heart in place  
I wanna go far  
I wanna go down flat face  
I wanna grow old and hold your body  
Next to me  
I wanna go up I wanna grow out I wanna go now  
I wanna go mad and shout it out  
I wanna go peace will hold no wall will bring me down  
Carry the way by the ghosts in your bag  
Does it look I got a flame on my head I wanna grow wings  
I wanna go chasing you  
I wanna go tell me not to do it  
I wanna go take your doubts  
I wanna go laugh sweet sound machine  
I wanna go down  
I wanna go south  
I wanna go home  
I wanna go hear the northwind blow  
I wanna go peace will hope no more  
and will bring me down Carry the way by the ghosts in your bag  
Does it look I got a flame on my head  
Should be the laughter and I'll be the joke  
It doesn't matter how far we will go  
Don't waste our house on the tempering ghosts  
I wanna go I wanna go  
I wanna go I wanna go  
I wanna go I wanna go
