

Faithfully

Judy Torres

Some say it's just the nature of the beast
When you love somebody so passionately
 Time has a way of stealing
 That raging fire you're feeling
 Leaving the ashes laying at your feet
Those fools of little faith will never know
 Those higher places two hearts can go
 Where time is standing still
 And love will burn until
 The heaven and the earth have come and gone
This fire inside for you is constant as the morning star
 And you will be forever in my heart
 As long as there's a river
 Searching for an endless sea
 I will always love you, faithfully
 Tonight we'll raise a glass to lovers across the ages
 We'll hold each other and toast to the day
 When history's said and done
 And we'll still stand as one
 Somethings were never meant to fade away
This fire inside for you is constant as the morning star
 And you will be forever in my heart
 As long as there's a river
 Searching for an endless sea
 I will always love you, faithfully
This fire inside for you is constant as the morning star
 And you will be forever in my heart
 As long as there's a river
 Searching for an endless sea
 I will always love you, faithfully
