

# The Key

## Auf Der Maur

Everyone knows it  
We all can feel it  
There's one person out there  
That leads you to freedom  
It's time to find the key that leads you to me  
Do you know?  
Do you know what I've found?  
Do you want?  
Do you want?  
Do you want to share it?  
The way  
The way  
The way to use it  
Everyone knows it  
We all can feel it  
There's one person out there  
That leads you to freedom  
And it's time to find the key that lead you to me  
Your destiny  
The key  
The key, you'll find it  
Be sure  
Be sure  
Be sure, to use it  
It twists, it turns, it burns, it bruises  
Everyone knows it  
We all can feel it  
There's one person out there  
That leads you to freedom  
And it's time to find the key that leads you to me  
Everyone knows it  
We all can feel it  
There's one person out there  
That leads you to freedom  
And it's time to find the key that leads you to me  
Your destiny  
Everyone knows it  
We all can feel it  
There's one person out there  
That leads you to freedom
