Christmas Day

Ali Lohan

Can?t wait ?till Christmas
Macy?s parade has come and gone
Time to sing those Christmas songs
Its my favorite time of year
Spread the love and holiday cheer
Put up the tree
The holly and the ivy
Cause its almost Christmas day
On the rooftop reindeer pause (here comes Santa Clause)
Down the chimney comes Santa Clause bringing cheer and lots of joy
With the children?s Christmas toys
Lets build a fire
Sing carols with the choir
Cause its almost Christmas day
Christmas bells are ringing, carolers are singing (Christmas day)
Christmas day is getting near
Celebrate the season with a special reason (Christmas day)
Jolly st. Nick will be here
Christmas lights are glowing winter wind is blowing (Christmas day)
Hang the candy canes on the tree
Its fun to remember memories in December

Stockings hung on the chimney
Put up the tree
The holly and the ivy
Cause its almost Christmas day
Christmas bells are ringing carolers are singing
Cant wait till its Christmas
Celebrate the season with a special reason
Cant wait till its Christmas
Bake cookies with green and red (I cant wait)
Cant wait till its Christmas
Fill the jar with ginger bread
Cant wait till its Christmas
What fun it is to ride
Cant wait till its Christmas
In a horse drawn sleigh tonight
Cant wait till its Christmas
Wrap the presents tie the bows

Cant wait till its Christmas
(its Christmas time)
Sing the songs that we all know
Cant wait till its Christmas
Pull down the sled and play in the snow
Cant wait till its Christmas
