All Rise

Further Seems Forever

We've waited so long
I never was that strong
Keep looking back on
Reading it right or wrong
Welcome me back home
I never walked alone
Help me to move on
We've come to far to turn back now
I know we've come to far
To turn back now
I know
All rise all rise, all rise all rise
All rise all rise, all rise all rise
All rise all rise, all rise all rise
Make it a part of who we are
So much left worth living for
Love is coming
Make it a part of you and me
So much left for us to see
Love is coming
Make it a part of every turn
So much left for us to learn
Love is coming
Make it a part until the end
So much left to learn again
Love is coming
