

Who Better

[Tia London](#)

Tell me what you need, I'll give you what you ask for
Have you comin' back for more
That other chick just wanna stress ya
All I have is one question: who better?
Before you tell me whose better, baby,
Who better?
You know it can't get any wetter, baby, yeah
tell me who better for you than I
No reason why you would deny
You need you a chick that not only rides
She hold down that passenger side
That audio coupe, it's just me and you,
No passengers offered no ride
See fucking with hos, corrupting your soul
They waste all your money and time
