## The One

## **Shakira**

So I find a reason to shave my legs each single morning So I count on someone on Friday nights to take me dancing again To church on Sundays To plant more trees and someday think of kids Or maybe just to save a little moneyYou're the one I need The way back home is always long But if you're close to me I'm holding on You're the one I need My real life has just begun 'Cause there's nothing like your smile made of sunIn the world full of strangers You're the one I knowSo I learned to cook and finally lose my kitchen phobia And so I got the arms to cuddle in when there's a ghost or a news That brings insomnia To buy more thongs, to write more happy songs It always takes a little help from someoneYou're the one I need The way back home is always long But if you're close to me I'm holding on You're the one I need My real life has just begun 'Cause there's nothing like your smile made of sunYou're the one I need The way back home is always long But if you're close to me I'm holding on You're the one I need My real life has just begun 'Cause there's nothing like your smile made of sun(You're the one I need) (You're the one I need) You're my real life has just begun (You're the one I need) (You're the one I need)Nothing like your smile made of sun Nothing like your love Nothing like your love Nothing like your love
