

Rumor of Love

Berlin

You touched my hand
You started a rumor of love
Wanting to believe once again You touched my heart
You started a rumor of love
Another dream that surely must end Someone told me you'd never stay
I shook my head, turned around and walked away You touched my soul
You started a rumor of love
Trying to be your lover and friend Someone told me you'd never stay
I shook my head, turned around and walked away Someone told me a rumor of love
I need to know if it's me you're thinking of Someone told me you'd never stay
I shook my head, turned around and walked away Someone told me a rumor of love
I need to know if it's me you're thinking of Someone told me you'd never stay
All I know is you're here with me today Someone told me a rumor of love
Someone told me it's me you're thinking of
