It Ain't No Big Thing (Just Say So Long)

[Roy Orbison](#)

You tell me to find somebody new
That you're not for me I'm not for you
It don't matter if you're right or wrong
It ain't no big thing just say, "So long"It's been fun and laughter all the way
I will live to love another day
I will be alright, can't you tell?
It ain't no big thing just say, "Farewell"It ain't no big thing, I won't be blue
Just so you're happy and your dreams come true
It ain't no big thing, my losing you
Just ain't no big thing, I'll get over youIt ain't no big thing to see you go
It ain't no big thing that you don't know
It ain't no big thing I've been lying
It ain't no big thing that I'm crying
It ain't no big thing that I'm dying
