Forte Tell Me You Want Me
Big Dice RecordsEvery night
Every day
My need for you
Grows strong in every wayWhen Im alone
I call your name
I want your touch
The warmth of your embrace
So why dont you justChorus:Tell me you want me
Tell me you need me
Well be together
In love foreverTell me you want me
Tell me you need me
Come rain or sunshine
Youll always be mineCant you see?
Or understand
To be near you
Is all I ever wantSo hold me now
And hold me close
This world was meant
For lovers just like us
So why dont you justChorusLifes too short
Or so they say
To look for love
Well Im prepared to waitNow I found you
Could this be fate?
My heart will break if
You dont feel the same
So why dont you justChorus x 2
