

In the Heat of the Moment (Toydrum Remix)

Noel Gallagher's High Flying Birds

(1, 2, 1, 2, 3, 4) Nah nah nah nah nah nah They tell me you've touched the face of God
Like the sound of a rope cracking on your neck
They tell me you'd never give it up
Like the song that was soul singing in your head So honey please don't let go
Or you'll fall into the dead of night
So honey please don't let go
You'd better learn to fly
'Cause they're gonna point you up at the sky The more that you want it
The more that you need it
I know you'll be by my side
In the heat of the moment
When the thunder and lightning come
I know that you'll be by my side Nah nah nah nah nah nah That loving man ain't no rolling stone
At the sound of the drums I'm gonna set you free
I talk to him on the telephone
These are the words that he gave to me So honey please don't let go
Or you'll fall into the dead of night
So honey please don't let go
You better learn to fly
'Cause they're gonna point you up at the sky The more that you want it
The more that you need it
I know you'll be by my side
In the heat of the moment
When the thunder and lightning come
I know that you'll be by my side Nah nah nah nah nah nah
Nah nah nah nah nah nah And the more that you want it
The more that you need it
I know you'll be by my side
In the heat of the moment
When the thunder and lightning come
I know that you'll be by my side And the more that you want it
The more that you need it
I know you'll be by my side
In the heat of the moment
When the thunder and lightning come
I know that you'll be by my side Nah nah nah nah nah nah
