

# Off Or Out

## Elysian Fields

Can't get you off or out of my head  
Head for the sound in your belly  
You need a soul to find you out  
    Make you windy  
    We were so windy  
Winding, flying, backwards, forwards, sliding  
    Red light crazy shining  
    Haze garden  
    Pure strain highway  
Can't get you off or out of my head  
    Red silver sounds in your belly  
You need a dream to drown you out  
    Make you windy  
    We were so windy  
Winding, dying, inside, sucking, outside  
    Spouting heavy moonlight  
    Daze, shotgun  
    Pure stain my way  
Can't get you off or out of my head
