Pointless Masquerade

Magic Pie

On the road I'm walking many crossroads I have made
Closer now than ever the end of our masquerade
Winter turned out colder than anyone could ever know
Clearer now than ever buried deep beneath the snowEnd this quarrel or stay in trouble
There's no reason to keep this going
Either we fix it or I'm leaving
But I don't wanna go without me knowingMany times we have argued
Keep the good ones in balance
It is closer now than ever
The answers always were in our hands
Where would we be if the clouds we're under
Made way for the sun to shine through
A distant sound of rollin' thunder
Constantly moving awayThere is always a solution
All the problems can be solved
Days are clearer now than ever
As we have ended this pointless masquerade
On the road I'm walking many crossroads I have made
Closer now than ever the end of our masquerade
Winter turned out colder than anyone could ever know
Clearer now than ever buried deep beneath the snow
