Bite My Tongue

Ataris

What can I say?
I'll bite my tongue again today.
What can I do?
when I feel so stupid over you?
I wish they'd just go ahead and cut it off.
And, I don't wanna work anymore
Cause sometimes I just can't ignore
The way I feel when I see you smile.
And someday I'll just shut my eyes
and maybe then you'll realize...
I'm just a fucking geek in love with you.
When's the right time?
To use a stupid pick up line?
"So how's the weather?
Do you wanna spend the night together?"

I know that you are just a girl
but in my eyes you rule the world.
I just thought I'd let you know...
You're my best friend and that's ok,
but I wanna see you night and day,
and wake up holding you right by my side.
I've said my piece so now I'll run and hide...
I'd bring you candy and flowers,
Sit by the phone for hours...
sing a song outside your window
just if you would let me know.
No more waking up lonely,
will you be my one and only?
Please let me know right now cause I'm not gonna live forever.
