

Take This Life

In Flames

It's not so much the pain
It's more the actual knife
Pretending the picture is perfect
I cut myself to sleep I close my eyes for a second
And meet a fragile soul
I scream to hide that I'm lonely
The echo calls my name If I ever, if I never
Make me understand the thought whatever
Make me see, make me be
Make me understand you're there for me Take this life, I'm right here
Stay a while and breathe me in
Take this life, I'm right here
Stay a while and breathe me in The water drops just beg to hit me
Why now? Haven't rained for days
No time to play hide and seek
I call upon you to take me on Break me down to pieces
Put me back, do it right this time
Struggling to fill this empty stream
Burn my efforts in the end it means nothing If I ever, if I never
Make me understand the thought whatever
Make me see, make me be
Make me understand you're there for me Take this life, I'm right here
Stay a while and breathe me in
Take this life, I'm right here
Stay a while and breathe me in These thoughts burn a hole in my heart
These thoughts will keep me feeling
These thoughts burn a hole in my heart
These thoughts will keep me feeling Oh if I ever, if I never
Make me understand the thought whatever
Make me see, make me be
Make me understand you're there for me Take this life, I'm right here
Stay a while and breathe me in
Take this life, I'm right here
Stay a while and breathe me in
