

# In Case of Fire (feat. Jeff Bhasker)

Mark Ronson

Third michelada  
Second Adderall  
To take the edge off the crazy Jump out the window  
A human cannonball  
Congratulations, baby Break glass  
Don't you look back  
In case of fire Escape plan:  
Grab what you can  
In case of fire (Girl you know you got burned) Last flight to Juarez  
Two frozen credit cards  
Another borrowed vacation Girl, you're a day late  
And twenty thousand short  
Belated realizations Break glass  
Don't you look back  
In case of fire Escape plan:  
Grab what you can  
In case of fire Bad girl  
With good moves  
Big dreams  
But a little confused  
You start fires  
That you can't put out  
Just watch it burn Lifetime of heartbreak  
And out of cigarettes  
A melancholy equation Sweet summer memories  
Of the day we met  
Please change the radio station Break glass  
Don't you look back  
In case of fire Escape plan:  
Grab what you can  
In case of fire Bad girl  
With good moves  
Big dreams  
But a little confused  
You start fires  
That you can't put out  
Just watch it burn  
Just watch it burn  
Just watch it burn

Just watch it burn, watch it burn  
Just watch it burn
