

Rough Johns

John Craigie

take me to your heaven don't you leave me this way
i've been mumbling like a fool i don't know what to say
i go on and on
i go on and on

i been kissing your lips i been kissing your eyes
i been licking your scars honey i don't mind
you've had some rough johns
you've had some rough johns

i ain't making no judgments i ain't keeping no scores
how many times will you let me until you don't let me no more

outta tennessee don't you know what it's for
them boys been calling your name they've been kicking your door
they just can't get enough
they just can't get enough

you and me we got these bandages from where we been
we'll just lie right here grow some brand new skin
we'll heal it all up
we'll heal it all up

can't make it back to your bed we'll pass out right on the floor
how many times will you let me until you don't let me no more

yeah yeah aww
yeah yeah aww ooo

i've been chasing the soft ones they've been keeping me warm
my dream girl lost a bunch of weight she ain't my dream girl no more
i need what i need
i need what i need

and i been crawling towards you i been making mistakes
you with all them curves me without no brakes
have mercy on me
have mercy on me

i been biting your neck trying to silence my roar

how many times will you let me until you don't let me no more

yeah yeah aww
yeah yeah aww ooo
