## Ghoti Hook

Only see past certain views
She doesn't think that she can lose
And with this we just cannot get alongI must admit I like her a lot
This infatuation just won't stop
And in the end I know I must be wrongI wonder, I wonder why
I wonder, I wonder whyIndication of infatuation
Complicates the situation
It's making me search out a real escapeThis creation of this relation
And concentration of admiration
Has got me dumb and all bent out of shapeI wonder, I wonder why
I wonder, I wonder whyBut I'm ignorant, stubborn and stupid
I won't take the time to give in
To the fact that I must wait
And let him show me where to beginIf I go ahead and try to find her
By myself I'll make a mistake
When will I learn that this big decision
Is not mine to fully makeWith this now that I must mention
So I can stop this stupid tension
And free myself from feeling selfish greedMy sinful motives and bad intentions
Has been brought to my attention
And even now I know I deny needI wonder, I wonder why
I wonder, I wonder whyBut I'm ignorant, stubborn and stupid
I won't take the time to give in
To the fact that I must wait
And let him show me where to beginIf I go ahead and try to find her
By myself I'll make a mistake
When will I know that this big decision
Isn't mine to fully make
