

# Victory

## Megadeth

Now, one day I started telling everyone  
That killing is my business and I was hung like a martyr  
For looking down the cross, my skull beneath the skin  
Prophesied last rites, loved to death my friends Then I started seeing bad omens in my head  
Good mourning like black Friday will I wake up dead?  
If I ain't superstitious then this won't mean a thing  
But some crazy shit has happened since the conjuring Not even close  
Not even close  
Not even close  
To overdose Had fingers in my eyes, had needles in my veins  
A knife right through my heart, I am a victory  
Had fingers in my eyes, had needles in my veins  
A knife right through my heart, I am a victory Came anarchy to set the world afire  
Pain from your mouth, in my darkest hour  
Corruption of the world peace sells but nobody's buying  
Ignorant religion holy wars and the dying, yeah Tornado nearly got me by the skin of my teeth  
This was my life, foreclosure of my dreams  
May the past rust in peace in hangar 18  
And countdown to extinction just be a bad dream Lucretia said  
Not even close  
Not even close  
Not even close  
To overdose Had fingers in my eyes, had needles in my veins  
A knife right through my heart, I am a victory  
Had fingers in my eyes, had needles in my veins  
A knife right through my heart, I am a victory Not even close  
Not even close  
Not even close  
To overdose Had fingers in my eyes, had needles in my veins  
A knife right through my heart, I am a victory  
Had fingers in my eyes, had needles in my veins  
A knife right through my heart, I am a victory Had fingers in my eyes, had needles in my veins  
A knife right through my heart, I am a victory  
Had fingers in my eyes, had needles in my veins  
A knife right through my heart, I am a victory
