Vampire Love

Tomas Heredia

Sub-cult fantasy, vampire love
Carnal sacrifice of the virgin dove
In the midnight court I scent your blood
Innocence drownin' in the floodTonight I want you in my arms
It's not the end, no
Tonight I place you safe from harm
It's not the end, no yeahVictorian repression, I fantasize
Chromium lips and metalic eyes
The reverse cowgirl death defies
Virginal sinners tell sadistic liesTonight I want you in my arms
It's not the end, no
Tonight I place you safe from harm
It's not the end, noSoul searchin' on your knees
The time is always now for eternity
Black death market uniform
Submit unto my kiss and you'll be reborn yeah yeahSub cult fantasy, vampire love
Erotic bombshell, she's the god above
Give me cardinal sin, sensual head
Vapour trail vision glad I'm deadTonight I want you in my arms
It's not the end, no
Tonight I place you safe from harm
It's not the end, no
Tonight I want you in my arms
It's not the end, no
Tonight I need to feel your charms
It's not the end, no
It's not the end, no
It's not the end, no
It's not the end, no
