

Mad Mad World

RF7

Caught in the middle of an ugly storm
All I want is a place to stay warm
Working through changes with bottle and pipe
Barely remember whatâ€™s wrong and whatâ€™s right

Tragedy is makinâ€™ choices
How you gonna listen to so many voices
Iâ€™m the chameleon under the rock
Unless you say it donâ€™t expect me to stop, Itâ€™s a

Mad, mad, mad, mad world we live in
Mad, mad, mad, mad world we live

All the rage of a man without hope
Trying to find answers to things I donâ€™t know
Falling down till the ground is my friend
Do I really need to do this again

Sanity whatâ€™s the verdict
No one will listen until they heard it
Still the pain comes with the lesson
Donâ€™t expect to hear their confession
