

# Came Up

Kevin Gates

Young nigga hold a rock for the family  
Been a long time, hope they understandin' me  
I walked a hundred thousand miles, long way from home  
Miss my niggas, some dead, some ain't comin' home  
Nigga came up, I done came up  
Plottin' on them billions  
Nigga came up, I done came up  
Trap jumpin' off the hinges Arrogant face, no one know what I'm faced  
I ain't runnin' from court, I'ma face 'em  
Tryna blow with this rap, gotta make it  
Fuck the fame, it's the paper I'm chasin'  
I just wanna shine  
When the rap game turned their back on me  
Tried to blackball me, no cosigns  
Many major artists said, "Fuck that," kept rollin'  
Gave DJ Khaled one of my CDs  
He was actin' like he ain't know me  
Received no fundin' from the label  
Two strikes against me, no room for flakin'  
Don't sell dope, just loud now  
And I only serve a few niggas  
Choppin' game with the Cali plug  
They love me 'cause I'm consistent  
Young nigga hold a rock for the family  
Been a long time, hope they understandin' me  
I walked a hundred thousand miles, long way from home  
Miss my niggas, some dead, some ain't comin' home  
Nigga came up, I done came up  
Plottin' on them billions  
Nigga came up, I done came up  
Trap jumpin' off the hinges Went behind my back, got at my connect  
I ain't trip on it, stayed silent  
Lito say he need to speak to me  
Got some gangsta shit to run by me  
Then I hear a song with that nigga sayin'  
Pussy already in the red  
Fuck my goons, no spendin' bread  
Seen dude, I was by myself  
Spoke to me, then he turned his head

Boy a bitch like I fuckin' said  
Gotta write Gucci, tell him hold his head  
Industry niggas'll smile in your face  
No chemistry with you, no smilin' for Gates  
Bread winner like Nike  
Air Force 1s strapped tightly  
Just do it if you don't like me, pussy  
Young nigga hold a rock for the family  
Been a long time, hope they understandin' me  
I walked a hundred thousand miles, long way from home  
Miss my niggas, some dead, some ain't comin' home  
Nigga came up, I done came up  
Plottin' on them billions  
Nigga came up, I done came up  
Trap jumpin' off the hinges
