

The Light Pours Out of Me (Single Version)

Magazine

Time flies
And time crawls
Like an insect
Up and down the walls
The light pours out of me
The light pours out of me
La conspiration
Du silence devrait
Provoquer
Ma pensÃ©e
The light pours out of me
The light pours out of me
La lumiÃ¨re crue
Se charge vers moi
Me laissant vide
EpatÃ©
The light pours out of me
The light pours out of me
It jerks out of me
Like blood
In this still life
Heart beats up love
The light pours out of me
The light pours out of me
