Any Other Day

Belizbeha

On a day like any other day
Sky's so blue it could take your breathe away
And what could ever fall apart
On a day like it is today?
The kind of day you climb to the top of the world
And see your life unfurl
Before your very eyes
But when it falls apart
Then you realize
This is all a
Countdown
To a higher place
Countdown
Into some outer space
Maybe it's a day when the angels'll come to sing
Or maybe its a day when the devil comes
To bring a fate you couldn't imagine in your wildest dream
Countdown
Into a higher place
Countdown

Into some outer space
Never mind the smoke and mirrors left behind you
Don't you go
There is nothing there to really bind you
Just let it go and all your destiny will find you
Wherever you are
Wherever you are, wherever you are
Wherever you are, wherever you are
Wherever you are, wherever you are
Wherever you are, wherever you are
Countdown
Into a higher place
Countdown
Into some outer space
On a day like any other day
Sky's so blue it could take your, take your breathe away
Cause I remember where I was when I heard the news
I remember where I was when I heard the news

I remember where I was
Sky's so blue like any other day
