One More Chance

Bloc Party

Give me one more chance, give me one more chance
Give me one more chance to love you
Give me one more chance, give me one more chance
Give me one more chance to love youSo open the door and calm down
Can't you see that I'm trying?
Don't say another word about the other boy
Can't you see that I'm dying?This time things will be different and you're gonna see
This time things will be different and you're gonna see, see
These hands will come around, you'll love their touch again
This time things will be different and you're gonna see, seeGive me one more chance, give me one more chance
Give me one more chance to love you
Give me one more chance, give me one more chance
Give me one more chance to love youSo open the door and calm down
Can't you see that I'm trying?
Don't say another word about the other boy
Can't you see that I'm dying?This time things will be different and you're gonna see
This time things will be different and you're gonna see, see
These hands will come around, you'll love their touch again
This time things will be different and you're gonna see, seeOne more chance, give me one more chance
One more chance, give me one more chance
One more chance, give me one more chance to love youThis time things will be different and you're gonna see
This time things will be different and you're gonna see, see
These hands will come around, you'll love their touch again
This time things will be different and you're gonna see, see
See, see, see, see
