# I Got A Feelin'

## Tracy Lawrence

I'm out here stranded on this Oklahoma road
Nothin' but a broken truck
Heat and dust and a million high line poles
If only I could tap the line
I'd be just fine if I could talk to her right now
'Cause there's a voice inside of me that's sayin' something's wrong
'Cause I've tried a hundred times and a hundred dimes
To reach her on the phone
And like the sun my heart's sinkin'
'Cause I'm thinkin' it don't matter anyhow
An' I've got a feelin' she ain't feelin' what I'm feelin' anymore
I've got a sneakin' suspicion love is walkin' out the door
Now, I'm dealin' with a heartache like I've never dealt before

And I've got a feelin' she ain't feelin' what I'm feelin' anymore
I like this ramblin' life but what a price to pay
I think I'd let a dollar sign and a diesel whine
Drive her love away
I've got a real strong premonition
She ain't missin' me as much as I miss her
I've got a feelin' she ain't feelin' what I'm feelin' anymore
I've got a sneakin' suspicion love is walkin' out the door
Now I'm dealin' with a heartache like I've never dealt before
And I've got a feelin' she ain't feelin' what I'm feelin' anymore
I've got a feelin' she ain't feelin' what I'm feelin' anymore
