

# The Solution

## Yes

No need to wonder  
Do you belong?  
No need to worry  
You can be strong Don't disbelieve it  
Let your fears go  
There must be more to this life  
And we all know The solution  
Staring you down  
Looking for  
The solution  
Bringing you 'round Round and round we go  
Round and round we go The past can haunt your future so  
Shadows are falling look out below Voices are calling echoes unknown  
There must be more to this life than we all know Looking for  
The solution  
Staring you down  
Deep inside  
The solution  
Bringing you 'round Giving it out  
Giving it out  
Do the best that you can do  
Giving it out  
Giving it out  
It's all up to you Giving it out  
Giving it out  
Do the best that you can do  
Giving it out  
Giving it out  
It's all up to you It's all up to you Over and under and down we go  
(Down we go)  
Caught at the crossroads  
Which way to go?  
(Path unknown)  
Choosing the right path?  
Only you know Looking for  
The solution  
You hold the key  
Deep inside  
The solution

Set yourself free  
Round and round we go  
Round and round we go  
Giving in, giving out  
Do the best you can do  
Giving in, giving out  
It's all up to you  
Giving in, giving out  
Do the best you can do  
Giving in, giving out  
It's all up to you  
It's all up to you  
It's all up to you
