

Give Me Your Love

Sigala

Your love, love
Your love, your love, love
Your love, your love, love
Your love, your love, love
Your love, your love, love
Your love, your love, love
Your love, your love, love
Your love, your love, love
Your love, your love, loveI may be selfish but I'll take your pain
When you get weak I'll make you strong again
When all is lost, I will comfort you, mmh, mmhSo give me your love, I need it
Give me your heart, I'm bleeding
Give me your love, I need it, oh yeah, oh yeah
Give me your love, I need it
Give me your heart, I'm bleeding
Give me your love, I need it, uh, uh yeahWhy don't you give me your love?
Your love, love, your love, your love
Give me your love
Your love, love, your love, your love
Give me your love
Your love, love, your love, your love
Uh, uh, yeah
Your love, love, your loveWhy don't you give me your love?
Your love, love
Your love, your love, love
Your love, your love, love
Your love, your love, love
Give me your love
Your love, love
Your love, your love, love
Your love, your love, love
Your love, your love, loveI will be there every lonely night
When you wake up, I'll be by your side
I will always be there for you, mmm, mmm, oh yeahSo give me your love, I need it
Give me your all, I'm bleeding
Give me your love, I need it, oh oh yeahWhy don't you give me your love?
Your love, love, your love, your love
Give me your love
Your love, love, your love, your love
Give me your love

Your love, love, your love, your love
Uh, uh, yeah
Your love, love, your love Why don't you give me your love?
Your love, love
Your love, your love, love
Your love, your love, love
Your love, your love, love
Give me your love
Your love, love
Your love, your love, love
Your love, your love, love
Your love, your love, love You know all the other men baby
They won't treat you like I could
Stop your searching around
I can't do this any more So give me your love, I need it
Give me your all, I'm bleeding
Give me your love, I need it, oh yeah, oh yeah Why don't you give me your love?
Oh, you got to give me, give me more
Your love, your love, love
Your love, your love, love
Why don't you give me your love
Oh, you got to give me, give me more
Why don't you give me your love?
