

# Darkest Heart

## Andrew Jackson Jihad

    Show me your tears  
    Show me your scars  
    Show me your flesh wounds  
    Show me your heart

    Show me your death bed  
        Your death bed  
    So that I may rest in peace

    Show me your fangs  
    Show me your claws  
    Break all my bones  
    Break all my loss

    Show me your darkest heart  
        Your darkest heart  
    So that I may rest in peace

    Eat my arms  
    And eat my legs  
    Eat the flesh inbetween my ribs  
        Eat my face  
    Eat my hair follicles  
        Eat my brain

    So that I may  
    So that I may  
    So that I may rest in peace.
