

# Out of the Crowd

## Less Than Jake

I won't compete because I don't need to be  
In front of someone that wants to compete with me  
Who needs another aggravation  
Or a fucked up situation  
So you call me burnt out  
Call me washed up  
Or weaker cause I won't get up  
Be first in another line  
Just one more time,  
Cause I won't compete again  
I can't hear a sound that's out of the crowd.
