

# Brazen Weep

## Skunk Anansie

I called you brazen  
Called you whore right to your face  
And watched you silently  
And publicly disgraced  
I didn't notice  
When you strengthened like a vice  
That you were trembling  
And burned beneath the ice

[Chorus: x2]  
Why don't you weep  
When I hurt you?  
Why don't you weep  
When I cut you?  
You don't bleed  
And the anger builds up inside

You said a prayer  
And I betrayed you with a kiss  
I never realized that all  
Had come to this  
So keep your dignity  
Don't throw it all to waste  
Stronger feelings  
Than you've ever learned to face

[Repeat Chorus]
