Pressure

NYVES

Where is the doorway
For the cynic in me
When the panic defeats my love
I cant afford it
who you want me to be
but I'm better the way I'm so
Yeah

Don't try to tell me
You were never to blame
You were dying to shame us all
Beneath the guilty and it's ever the same
you're the pride before my fall

Please, for the sake of my revelation
show me how to begin again
not a diamond without the pressure,
That's the way it is

Say you adore me
That you're never the same
[Then you toil to claim your bonds](10250750)
Made it beofre me
Think you're pulling the strings
But you're leaving me on my own

Please, for the sake of my revelation
show me how to begin again
not a diamond without the pressure,
That's the way it is
Please, for the sake of my revelation
show me how to begin again
not a diamond without the pressure,
That's the way it is

Please, for the sake of my revelation
show me how to begin again
not a diamond without the pressure,
That's the way it is
