

One Day at a Time

Brian Courtney Wilson

I stand amazed
At what God has joined together
Cuz with the good times, there were a few bad days
But we held onto the promise, the promises we made
On the first day
I still choose you To have (to have), hold (to hold), until (until) we're old (we're old)
To stay (to stay faithful to this love,) one day (one day at a time)
(To care) to care, (to share) to share, (the joy), the tears (the tears)
(Believing God will see us through), one day (one day at a time)
(One day at a time)
(One day at a time) I stand amazed
Because the challenges we faced, seemed impossible
But we made it
Now, through any season,
You remain the reason I remember
And still choose you (To have) to have, (to hold) to hold, (until) until (we're old)
To stay (to stay faithful to this love,) one day (one day at a time)
(To care), to share (to share), (the joy), (the tears) the tears
(Believing God will see us through), one day (one day at a time)
(One day at a time) I've heard people say,
Feelings are bound to change
But this one thing still remains
I don't wanna face tomorrow without you To have (to have), to hold (to hold), until (until) we're old (we're old)
Oh, (to stay faithful to this love), faithful to this love (one day at a
Time)
Care (to care), to share (to share), this joy (the joy), each tear (the
Tears)-
Oh yeah, (believing God will see us through), God will see us through
(One day at a time)
I still choose you (One day at a time)
I still choose you (One day at a time)
