Long Way to Love You

Hunter Brothers

Verse 1
I pack my truck up
Yes, summerâ€™s going down
Headed for that one gas pump
And blew out of that one horse town
My favorite picture of you
Is taped to the dash
Reminding me every mile
Why Iâ€™m going so fast!

Chorus
500 mile markers
Quick stops and county lines
1000 country songs, semis and bright headlights
Iâ€™ve come a long way (x2)
Rolling windows up and down, caffeine to get me through
Iâ€™d do it all again to lie here with you thatâ€™s the truth
Iâ€™ve come a long way,
Iâ€™ve come a long way to love you~

Verse 2
I should be tired girl,
But I couldnâ€™t sleep if I had tried
[Just] holding on to you here baby,
For more than just a little while
Letâ€™s drink up this bourbon
Been thinking bout it since I was [unintelligible] past

Chorus
500 mile markers
Quick stops and county lines
1000 country songs, semis and bright headlights
Iâ€™ve come a long way (x2)
Rolling windows up and down, caffeine to get me through
Iâ€™d do it all again to lie here with you thatâ€™s the truth
Iâ€™ve come a long way,
Iâ€™ve come a long way to love you~

Bridge
Instead of lonely dreams

And late night phone calls
This is the real thing
And all it took was

Chorus
500 mile markers
Quick stops and county lines
1000 country songs, semis and bright headlights
Iâ€™ve come a long way,
Girl Iâ€™ve come a long way
Rolling windows up and down, caffeine to get me through
Iâ€™d do it all again to lie here with you thatâ€™s the truth
Iâ€™ve come a long way,
Iâ€™ve come a long way to love you!
Yeah, Iâ€™ve come a long way,
Iâ€™ve come a long way to love you!~
