

Ride It Like You Stole It

Big Engine

Never slow down when you're on the run
Speeding like a bullet shot out of a gun
Can't stop now to see the damage done
I'm a thrill seeker in the midnight sun
And I'm burning caffeine and gasoline
The highway is calling me
I've gotta satisfy my need for speed
Cause I'm a big bad mean machine
Ride it like you stole it
It's a role of the dice in this day and age
And this big bad dog just won't be caged
I got the travelin' jones so I can't stay
If you're not on the edge get out of my way
