

# Act Of Love

John Waite

Sometimes, I wake up  
And I watch you sleep  
And in the darkness  
I wonder if Im in too deepHelp-what if its true  
I say the wrong things  
'Cause Im just a jealous guy  
And I hurt you sometimesI make you cry  
Oh, Im so sorryYou and I fit together, hand and glove  
What weve got is an act of loveThats allThere are good times  
And bad times too  
Youre always there for me  
No matter what I doDont ever turn away  
Youre everything I know  
Youre all I want to see  
Feel like a kingWhen youre standing next to me  
And if we disagree, dont forgetYou and I fit together, hand and glove  
What weve got is an act of loveHere we goMy loves gigantic as the weather  
Our luck can come and go  
But as long as were together  
Im never, never gonna wave goodbyeI light a fire  
And I lock the doors  
I look into your eyes  
And I see what Im looking forThough sometimes, Im so unsure  
You could say, Im out of control  
Dont you know what this feels like  
What I do, I do everything for youWhen I look, I look to you  
For an act of love  
Its all I feel inside  
Is just an act of loveThe other side of me that hides  
Behind an act of love  
Its only an act of love  
Comin back on meTakin you away  
Its only an act of love  
Comin back on me  
Comin back on meIts only an act of love  
Keepin me wide awake at night  
I know its an act of love  
Its only an act of love
