

# All I See Is Gold

## Bridgit Mendler

Verse 1:

I've got a sea of flowers,  
but all these hours are just mine alone, no one's home.  
Buy me the finest china,  
each time I dine, it's always me alone, with the heater on.  
Left to your own devices, a master of disguises, why is that not surprising?  
It's like you're Midas.

Chorus:

Oh, now all I see is gold, all I see is gold.  
Oh, now all I see is gold, all I see is gold.

Verse 2:

You're probably somewhere sunny,  
and I'm here wondering if you dream of me, while you're by the sea.  
Of all the people passing, your face appears in every one I see,  
but you're not with me.  
And now i just can't tell if that's just the way you felt when we were just beginning;  
you've turned to Midas.

Chorus:

Oh, now all I see is gold, all I see is gold,  
Oh, now all I see is gold, all I see is gold.

Bridge:

And when you hold my hand, I don't feel anything.  
all I feel is cold, and all I see is gold

Oooh...

It's like you're Midas.

Chorus:

Oh, now all I see is gold, all I see is gold,  
Oh, now all I see is gold, all I see is gold.

Oh, now all I see is gold.

All I see is gold, all I see is gold...
