Drop Dead

Brokencyde

And I remember things, everything you said to me
I'll stay away from you, if you stay away from me
But I don't wanna lose you girl, you are my everything
That's why I'll never be the same when you are goneAnd I remember things, everything you said to me
I'll stay away from you, if you stay away from me
But I don't wanna lose you girl, you are my everything
That's why I'll never be the same when you are gone...
That's why I'll never be the same when you are gone...
That's why I'll never be the same when you are gone.Well I made you happy
You're looking back at me
Like you want me girl
But what we had is lost
You don't have to talk
You're just the sevens worldJust forget what happened
I'm happy
You're trapped inside of here
For the day you left me
I'm empty so now I'll disappearBut you put this darkness in me
You put this gun to my head
Why can't you leave me with me
You make me feel like I'm deadYou tell me that I'll be fine
You tell me that I'll be okay
But I don't wanna die without you tonightAnd I remember things, everything you said to me
I'll stay away from you, if you stay away from me
But I don't wanna lose you girl, you are my everything
That's why I'll never be the same when you are goneAnd I remember things, everything you said to me
I'll stay away from you, if you stay away from me
But I don't wanna lose you girl, you are my everything
That's why I'll never be the same when you are gone...Drop dead, just die
I can't overpower all this feeling inside
Trying so hard to break loose
This dream will never vanish
It's my own spot
That's letting you take advantageOf me, But see when it comes to spittin
You only love me for music
I was stupid for letting some motherfucker abuse it
Trapped inside of my head,
Inside of the death
I don't wanna live my life like this

And so I dance I dance
Until your face does not existBut you put this darkness in me
You put this gun to my head
Why can't you leave me with me
You make me feel like I'm deadYou tell me that I'll be fine
You tell me that I'll be okay
But I don't wanna die without you tonightAnd I remember things,everything you said to me
I'll stay away from you, if you stay away from me
But I don't wanna lose you girl, you are my everything
That's why I'll never be the same when you are goneAnd I remember things,everything you said to me
I'll stay away from you, if you stay away from me
But I don't wanna lose you girl, you are my everything
That's why I'll never be the same when you are gone...When you are gone
All of these thoughts will disappear
The skies will fall
This dream will wash away the tears
Curses are gone
Everything I ever loved before
You're breaking me down
I don't want you to go
And I only hope that you
DROP DEADAnd I remember things,everything you said to me
I'll stay away from you, if you stay away from me
But I don't wanna lose you girl, you are my everything
That's why I'll never be the same when you are goneAnd I remember things,everything you said to me
I'll stay away from you, if you stay away from me
But I don't wanna lose you girl, you are my everything
That's why I'll never be the same when you are gone...
That's why I'll never be the same when you are gone...
That's why I'll never be the same when you are...
