

Oh, Angie

Hellogoodbye

Oh, Angie,
You're such a funny girl,
When will you find Mr. Right?
You and me,
We should make plans for the movies on Saturday night.
You could bring your boyfriend, who doesn't know
That he's your boyfriend [shoot]
Ooh, Angie
You and me
Ooh, Angie
You and me[Beatsauce, I don't sound like that, frick!
You know you're only cool 'cause I hang out with you!
Ahahaha]
