No Home

HOWZ

No home
This is not any form of home
Home is where the heart is
No home
(No home)
No hearts
(No hearts)
No home
(No home)
No heart
This is your viewing room
Your room, no view
Nothing seen
(Nothing seen)
Nothing heard
(Nothing heard)
Your home
(Your home)
No heart
Shut up I'll kick you out
Shut up I'll do you in
Shut up I'll kick you out
Shut up I'll do you in
Shut up I'll kick you out
Shut up I'll do you in
Shut up I'll kick you out
Shut up I'll do you in
Shut up
This is your trap, your crap
This is not my thing
No soul
(No soul)
No hearts
(No hearts)
No home
(No home)
No heart
Shut up I'll kick you out
Shut up I'll do you in

Shut up I'll kick you out
Shut up I'll do you in
Shut up I'll kick you out
Shut up I'll do you in
Shut up I'll kick you out
Shut up I'll do you in
Our wounds heal slowly
They grow into mold me
Our wounds heal slowly
They grow into mold me
Home
Can
(I didn't know what is it)
You
(I've lived here for so long)
Trust me?
(And I can't leave now)
Can you trust me?
(I can't leave you)
Can
(No)
You
(I can't leave)
Trust me?
(You)
Can
(I have lived here for so long)
You
(It's always been my way)
Trust me?
(Its always been my way to be like myself)
Can
(Now you want me to change)
You trust me anymore?
Anymore you
Can
(I can't change for you)
You trust me anymore?
(I can't change, I can't change for you)
Can you trust me?
Can we just be enemies?
(I've lived here for so long)
Can we just be enemies?
(I won't change)
Can we just be enemies?

(Even though)
Can we just be enemies?
(Said goodbye so many times)
Our wounds heal slowly
They grow into mold me
Our wounds heal slowly
They grow into mold me
Our wounds heal slowly
(Shut up I'll kick you out, shut up I'll kick you out)
They grow into mold me
(Shut up I'll kick you out, shut up I'll kick you out)
Our wounds heal slowly
(Shut up I'll kick you out, shut up I'll kick you out)
They grow into mold me
(Shut up I'll kick you out, shut up I'll kick you out)
Home
Shut up
(Just shut up)
Our wounds heal slowly
(Just shut up)
They grow into mold me
(Just shut up)
