

Streethart

Rachel Sweet

I don't know your name
But baby, I know your walk
When I close my eyes
I can hear you talk like a man with a gun
Who comes from the wrong side of town
But your dreams have no fences, your kingdom no bounds
Lord of the sky, 'cause baby you shoot at the sun
Streethart, streethart
You belong to the streets that you're on
Streethart, streethart
And you laugh at the hearts that you've won
Streethart, streethart
Is someone waiting on you?
She promises she will be true
She lies awake wondering who you're hurtin' tonight
Streethart
Come a little closer, now
Baby, you know what I mean
'Cause when you stare into my eyes
You look like a cool James Dean, won't you stay a little longer?
You've given your spirit to the street, it's true
But who are you givin' your body to?
'Cause the way you rule my nights, can't get any stronger
Streethart, streethart
You belong to the streets that you're on
Streethart, streethart
And you laugh at the hearts that you've won
Streethart, streethart
Is someone waiting on you?
She promises she will be true
She lies awake wondering who you're hurtin' tonight
Streethart
Baby
Don't fight the night
No matter the wins but, baby
You're still walking the line that separates passion and sin
So baby, you got caught tonight
In the alley with the loverboys
But you didn't run, five men with guns

Who don't mess around with toys, they just shot you
Adrenaline's burning and dreams start to die
While the bullets are draining the blood from your mind
And the blue boys smile 'cause they think it's time
Your soul's on the wrong side of town
Streetheart, streetheart
You belong to the streets that you're on
Streetheart, streetheart
And you laugh at the hearts that you've won
Streetheart, streetheart
Is someone waiting on you?
She promises she will be true
She lies awake wondering who you're hurtin' tonight
Streetheart, streetheart
Streetheart
Streetheart, streetheart
You belong to the streets that you're on
Streetheart, streetheart
And you laugh at the hearts that you've won
Streetheart, streetheart
You belong to the streets that you're on
Streetheart, streetheart
And you laugh at the hearts that you've won
