

# Stand By Your Side

Shayne Ward

This one is for you  
This one is for you Girl when I close my eyes, I realize  
I don't know what I'd do without your lovin'  
And I can't hold it any longer Now, I see you and me all the way  
And to prove it I will make a promise  
That I will never leave you lonely And if you fall  
I will stand by your side  
When you got no where to run  
Baby, I'm a place to hide One for my lover, one for my sister  
One for my brother  
Soon you'll discover, it's true  
This one's for you Because it's time in your life  
When you must take a long hard look into the mirror  
You see it's so much clearer And if you fall  
I will stand by your side  
When you got no where to run  
Baby, I'm a place to hide One for my lover, one for my sister  
One for my brother  
Soon you'll discover, it's true  
This ones for you I ain't gonna give you up  
Gonna give you all my love  
Even if it all falls down  
Baby, I'm still around  
Baby, I'm still around And if you fall  
I will stand by your side  
When you got no where to run  
Baby, I'm a place to hide When you got no where to run  
I will stand by your side  
When you got no where to run  
Baby, I'm a place to hide One for my lover, one for my sister  
One for my brother  
Soon you'll discover, it's true  
This one's for you
