Walking In the Sun

The Zombies

We'll be walking in the sun
And share our joy with everyoneIf they only knew
The joy I share with youThey'd be walking in the sun
(They'd be walking in the sun)
(They'd be walking in the sun)
They'd be walking in the sun
(They'd be walking in the sun)You will lie and walk with me
And we will share our ecstasy
Round the world
They laugh and say
Lovers ought to be that waySo please try to understand
If I touch and hold your handIf they only knew
The joy I share with youThey'd be walking in the sun
(They'd be walking in the sun)
(They'd be walking in the sun)
(They'd be walking in the sun)
They'd be walking in the sunYou will lie and walk with me
And we will share our ecstasy
Round the world
They laugh and say
Lovers ought to be that waySo please try to understand
If I touch and hold your handIf they only knew
The joy I share with youThey'd be walking in the sun
(They'd be walking in the sun)
(They'd be walking in the sun)
They'd be walking in the sun
(They'd be walking in the sun)
(They'd be walking in the sun)
