It Worries Me

Roy Drusky

People talkin' bout my baby steppin' out got me all tore up with jealousy and doubt
Seems the best thing I can do is set you free oh it worries me yes it worries me
Everybody tellin' me how I should go should I leave on something I don't really know
My heart is saying stay my friend or say and leave oh it worries me yes it worries me
It worries me I don't know what to do it's a gettin' bad to be in love with you
How can I take the road to someone new when each road I take takes me back to you
Guess it doesn't help at all to worry so but I can't persuade my heart to let you go
I'm about as messed up as a man can be oh it worries me yes it worries me
[guitar]
It worries me I don't know...
(Oh it worries me) how it worries me (oh it worries me) yes it worries me
