

# Sleep Talkin'

## Architecture in Helsinki

When I talk in my sleep  
I'll be begging for more  
That meant to sound sweet  
Babe, you meant to reward me For working hard on my pleasantries  
So when you've locked your door  
You wanna got me a key Across the river there's a smock  
Swimming straight to your heart And if I talk in my sleep  
I ain't breakin' the law  
I'm dreamin' to scream  
Just like I told you before When I was blue and green  
And you are black and blue  
We'll add on little brown  
To break the silent in two Across the river there's the walk Sleep talkin's to almost letting go  
I'm only parting with the magic  
'Cause I need you to know I'm getting' tongue tied  
I'm watching heads roll  
Along with tightrope of tomorrow  
With a reason to fall Hold tight lady, take it slow  
I'm only starting to be tragic  
'Cause I need you to know I'm getting' tongue tied  
I'm watching heads roll  
Along with tightrope of tomorrow  
With a reason to fall Sleep talkin's to almost letting go  
I'm only parting with the magic  
'Cause I need you to know I'm getting' tongue tied  
I'm watching heads roll  
Along with tightrope of tomorrow  
With no reason to fall
