

# Here & Now

**Matt Maher**

Here and now  
And now and now  
And now and now  
And now and now Here I am, You made it all so clear  
I understand, I am just a stranger here  
I leave it all behind, all that's left is gone  
And I know about my mind, straight into Your arms Here and now we will stand with one voice hand in hand  
We will never back down, we will never give in  
Here and now we will sing with one voice and we bring  
Our life as an offering we bring You everything Give me all the depth of the sweetest dreams  
Which follow that I see, oh, You are eternal  
Where could I, where could I, where could I go  
I got You in the light with everybody's side  
Lord, it's clear when I needed day and night So leave it all behind  
To all that's left is gone  
And we'll go with all our might  
Straight into Your arms Here and now we will stand with one voice hand in hand  
We will never back down, we will never give in  
Here and now we will sing with one voice and we bring  
Our life as an offering we bring You everything Lord, I give my life, no matter what it takes  
'Cause You gave it all for me  
With all of our hearts we sing, with all of our joy we bring  
Everything we will bring, our everything, everything Here and now we will stand with one voice hand in hand  
We will never back down, we will never give in  
Here and now we will sing with one voice and we bring  
Our life as an offering we bring You everything Here and now we will stand with one voice hand in hand  
We will never back down, we will never give in  
Here and now we will sing with one voice and we bring  
Our life as an offering we bring You everything Here and now  
Here and now  
Here and now
