

Lonely Is a Word

[Kitty Wells](#)

Lonely is a word lonely is a word that they made up win
Somebody loses their only love and their only friend
Lonely is a word lonely is a word that describes a tear
That's held inside or that has cried when no one is near
Unless you've lost your only love and unless you've lost your friend
You won't know what lonely means you won't understand
That lonely is a word lonely is a word that they made up win
Somebody loses their only love and their only friend and their only friend
