

# God Is Love

## Rory Cooney

Well I'm a east coast walkin'  
travelin', a talkin'

With a priority message today

Don't let your blind faith

Leave ya'

Tomorrow may need ya'

Just come on won't ya'

Sing it with me

Chorus

Oh, can you feel the power

Within your soul

Ya' got it

Got it, got

Can ya' feel the power, yeah

Can you feel the power

Within your soul

Chorus

Love is God

God is love

Love is God

God is Love

Well I'm a east coast, west coast

It don't matter to me

We've been to both sides

And everything in between

Oklahoma City born

With many places to go

We got a lotta' things to say

So many seeds to sow

Chorus

Come on and say I

Say I know

Say I know

We can work it out

Say we

Say we know

Say we know

You can work it out

Our love is startin'a revolution  
My love is startin' a revolution  
Your love is startin' a revolution  
Out love is startin' a revolution  
Our love is startin' a revolution  
Our love is startin' a revolution

Ah you got, got

To live

Our love is startin' a revolution  
Your love is startin' a revolution  
Out love is startin' a revolution  
Our love is startin' a revolution

Got it

Can you feel the power now

Can you feel the power

Within your soul

Love is God

God is love

Love is God

God is love

Chorus
