

# Sail Over Seven Seas

Gina T.

Day by day  
I miss you so  
You had to go  
My love  
With the ship  
So far away

You told that  
You will return  
Before the autumn comes  
Everyday I dream of you

Bridge:  
In my dreams  
A little seagulls flying  
To the timeless night  
Searching for some teardrops  
In the wind  
With the ship of  
Lonely lovers  
I sail over seven seas  
Trying to find  
The captain of my heart

\*\*

I sail over seven seas  
To find to your heart  
I sail through the darkest night  
I sail to your heart  
I sail over seven seas  
To find to your heart  
I sail with the wind tonight  
And alone in the dark

I don't feel the stormy nights  
And I don't feel the cold ( I don't feel the cold)  
All because I miss you so  
In the distance I can't see  
The island of my home (island of my home)

Oh I'd like to be with you

Repeat Bridge & \*\*
